Advanced Change Notification No: 2437

Subject: Change in the AU1100 Package Materials

AMD is announcing new materials in the package for the AU1100 device. See below for details:

Product Identification: AU1100

Device Version: A1100BF

Package Types: LBA399

AMD Product Line: Personal Connectivity Solutions Group (PCSG)

Description of Change: New package materials have been qualified for the AU1100 device. See attached.

Reason for Change: To improve product quality, and enhance manufacturing flexibility.

Application Impact: There is no change to the electrical datasheet or electrical functionality/performance specification of these products. The MSL temperature rating is actually improved as a result of this change.

Qual Description: As part of the Pb-Free qualification process, a new substrate supplier, die attach and mold compound have been qualified. These materials will now also be used on the AU1100 package, resulting in enhanced SMT performance.
