

# Huntron 80Hz Oscillator Replacement Module

This is pretty old stuff so the best I could scrounge up was this old schematic and component layout for the oscillator replacement kit.

5.  
 ALL CAPACITORS ARE 5%  
 ALL DIODES 1N914  
 ALL RESISTORS 1/4 WATT 5%  
 ADJUST R15 UNTIL THE OUTPUT  
 IS 10V P-P
